

Planmeca Compact i

*Ceiling-mounted unit
with integrated touch panel*

Innovative dental unit concept

The unique ceiling-mounted Planmeca Compact i dental unit provides an ideal solution for various types of dental facilities from small practices to large hospitals and university clinics. The integrated touch panel guarantees a straightforward use of different instrument features. This innovative concept offers remarkable advantages and meets the needs of various users.

Ease of use with touch panel

- A fully integrated touch panel for excellent usability and workflow.
- Clear symbols and text in a large display.
- Excellent viewing angles.
- Good access for both the dentist and the assistant.

Excellent for treating physically challenged patients

- Ceiling attachment leaves the floor completely free and allows treating patients in a hospital bed, wheelchair or any other mobile chair.
 - > A convenient solution for geriatric treatment.

Adapts to various types of treatments and users

- Suits both right- and left-handed users, and two- and four-handed treatment without compromising ergonomics.
- A lot of space for both the dentist and the assistant.
- Easy access to all directions with no interfering wires on the floor or cuspidor getting in the way.

Ideal for practices with limited space

- Can be mounted anywhere in the room.
- Available with Planmeca Chair featuring a unique swivel-construction.
 - > Equipment needed for different treatments is always easily accessible in the cabinetry by simply swiveling the chair.
 - > The chair can be conveniently swiveled out of the way when large treatment modules are brought to the room.
- Free floor space allows easy cleaning.

Elegant and light-weight design

- Cabling and connections are hidden in the cabinetry for a clean and professional look.

Available with a variety of instruments and accessories

- Can be equipped with Planmeca SingLED operating light and LCD monitor.
- Available with balanced instrument arms.
- A wide range of instruments compatible with Planmeca Compact i is offered.
