

FLASH SALE

Full featured panoramic x-ray,
designed with simplicity in mind.

LIMITED QUANTITY AVAILABLE!

Planmeca ProOne®

Product Features:

- Easy patient positioning with side entry allows easy access for all patients
- Imaging programs include panoramic, bitewing, sinus and TMJ
- Standard Child Mode for each program to reduce the dose
- Extremely small footprint and ideal for small spaces

AutoFocus Technology

Perfect patient positioning is a thing of the past. With the unique AutoFocus feature, the **ProOne** automatically positions the focal layer. Landmarks in the patient's anatomy are used to calculate placement, enabling practically error-free patient positioning and dramatically reducing the need for retakes. The result is the perfect panoramic image every time.
