New Features

- Corian® pull-out shelves facilitate cleaning and drainage from sterilizing equipment through drainage channels allowing moisture to be easily expelled.

- Statim® pull-out shelf with stainless steel container for condenser bottle.

- Tempered Glass Doors for Soiled / Sterile Instrument Storage Area.

- Corian® Wrapping Shelf with perimeter edges to prevent instruments from rolling off the work surface.

- Soft-closure mechanism for all drawers.

- Soft-closure dampening hinges for all doors reducing door closing noise.

- Electric Foot Activated Mechanism for Soiled / Sterile Instrument Storage; provides smooth and silent opening and closing.

- Low Voltage LED Light for work surface, Soiled / Sterile Instrument Storage providing brighter lighting while minimizing energy consumption.

- New backsplash LED light with your choice of colors.

- New Design Corian® work surface with drip edge and curved surface at the front of the sink, including wrap around backsplash.

- Stainless Steel Toe-Kick provides easy installation, cleaning and accessibility to all utilities anywhere under the cabinet.

- Stylized stainless steel handles.

- Glass Doors with Low Voltage LED Light of the upper center storage provide visual access of all contents. (optional)
The All New!!!
